School Lunch Set To Start This Tuesday

Starting Tuesday elementary school and satellite pupils in the public schools will be receiving lunches prepared in school.

The lunch program was mandated by the state legislature. Because of delays in delivery and installation of kitchen and other equipment, the Arlington program is starting for the first time Jan. 8.

When pupils return to school Monday they will be able to buy 35 cent lunch tickets in sets of five, plus separate 4 cent milk tickets. The 35 cent lunch includes milk. On Wednesdays lunch will not be served, but milk will be available.

After this first week lunch tickets will be sold on Wednesdays. Children who qualify for the subsidized lunches will receive their tickets on Wednesdays also.

The lunches will be the Type A required by federal and state regulations. They include 2 ounces of meat or an alternative such as cheese, fish, eggs; a slice of whole grain or enriched bread; a teaspoon of butter or fortified margarine; $\frac{3}{4}$ cup fruit and/or vegetable; 8 ounces of whole milk.

The Arlington elementary lunch program will offer hot or cold lunches. Menus will be posted in the schools.

In addition to the above, the Junior High East students on Monday will have chicken salad sandwich, peanuts, garden salad, apple crisp, chocolate chip cookies, milk.

On Wednesday at the East students will get a bologna and cheese sandwich, cole slaw, fruit cocktail and milk.

For the first week the elementary and satellite lunches will be as follows:

Tuesday: submarine sandwich, garden salad, pineapple chunks, Dutch fudge cookies, milk.

Thursday: Ham and cheese sandwich, fresh fruit, potato salad, milk.

Friday: Tuna salad sandwich, cole slaw, fruit cocktail, milk.

The following lunches will be served at the High School and Ottoson:

Monday: Hamburger on roll or ham and cheese sandwich, French fries, lettuce and tomato, fruit, juice, Milk.

Tuesday: Manicotti with tomato sauce or cold cut sub, Green beans, bread and butter, fruit juice, milk.

Wednesday: Sloppy joe or tuna salad roll, Potato puffs, lettuce with dressing, fruit, juice, milk.

Thursday: Pizza or ham salad sandwich, Tossed salad, fruit, juice, milk.

Friday: Fishburger on roll or sliced turkey sandwich, Potato stripes, coleslaw, fruit, juice, milk.

Senior Volunteer

John Crowley Doing Work At Library

By Kathy Young

John Crowley is a retired Arlington resident. Retired from a regular work week, though, not from an active life. And if appearance is any clue to how spry Crowley is, then his thick gray hair, winning smile, and sporty fisherman sweater are an indication.

Last February Crowley joined RSVP which stands for Retired Senior Volunteer Program. It's a program for people 60 and over who want to volunteer in community places that will benefit from their experiences.

As a volunteer at Robbins Library, he works in the technical services department where he helps check in new books. He also works on a special project entitled, "Arlington Townlife."

The library recently received a grant from the Council on the Arts and Humanities of the

Commonwealth of Massachusetts for a project to capture in photographs, tape recordings, and written records life in Arlington today and to also show something of its continuity from the past.

As his contribution to the project, Crowley is working on an oral history by interviewing senior citizens who have been lifelong residents of Arlington. He is especially interested in people whose parents or grandparents owned or operated businesses in the town. He would also like to set up a map of Arlington as it was in 1910.

Before his retirement in 1970, Crowley was employed for 42 years by the Thom McAn Shoe Company. A lifelong resident of Arlington, he was born in a house his father built on Grove st.

He says he finds RSVP and his work at the library "very rewarding. You really feel like you've done something. I worked for 60 years straight. I wanted to do something I wanted to do."

Robbins Library was his first choice for a volunteer position because he says he has always loved reading and libraries. He's a good person to work on the oral history because he remembers lots about Arlington.

Things like when the first plane flew over the town, when the first car drove through its

streets, and when Arlington was an agricultural community.

Seventy Arlington residents are now involved in the RSVP program. Volunteers are placed in positions that will interest them and help the community. People work in the schools, hospitals, the Boys' Club, and at the Kennedy Library in Waltham.

Nursing home residents have also volunteered by stuffing envelopes or collating material for such as the Kidney Foundation. They have also made dolls for an Arlington day care center.

The RSVP staff finds out what a person is interested in then finds a position for him. Volunteers can put in as much time as they want. Each volunteer gets free transportation, on-the-job meals, job training when necessary, and RSVP accident insurance paid in full.

The winters are long and kind of boring

Town Employees Agree To Package Giving 8% Or \$800 Minimum

Arlington town employees voted 141-16 Friday night to accept a three-year contract with the town which gives them an \$800 or 8 percent raise.

The package which was accepted was essentially that offered the employees, police and fire departments last October, according to Town Manager Donald R. Marquis, with the exception of the \$800 minimum guarantee.

While negotiations on the package were proceeding town employees Dec. 1 began a no-overtime movement which prompted the town to get a temporary restraining order in court ordering key employees who perform emergency services to go back to overtime work.

At Friday's meeting the employees voted to go back to overtime and emergency work. They also took a vote to support a four-day week for town employees if it has to be implemented because of the energy crisis.

The package which was accepted by the employees was agreed to last week in a mediation session requested by the town when negotiations with the employees broke down several weeks ago.

Provisions of the package include the following:

An 8 percent wage increase with a minimum increase of \$800. Employees making less than \$10,000 will receive the \$800.

Payment of 75 percent of the group health insurance premium. Presently the town pays half of the insurance. This will represent a savings of \$191 for employees.

An additional day of personal leave. Employees now get one day.

Clarification of the personnel by-law to insure that employees receive a full half day holiday on Christmas Eve and Good Friday. Some employees who begin early have worked longer than a true half day.

An increase in the night differential for night custodians from 10 cents. The original proposal was to raise the differential to 20 cents. This was changed, so that effective July 1974 custodians will receive 20 cents and effective July 1975 they will receive a differential of 30 cents.

This differential will also apply to the night watchman and the night mechanic, according to the town manager.

Overtime rate for custodians for after-hour special events sponsored by private groups. The original proposal to give a raise in the overtime from \$5 to \$5.50 was changed to time and a half, with a three-hour minimum.

Protective shoes for the permanent patch crew in the Public Works Dept.

Use of the American Arbitration Assn. in grievance arbitration.

A three-year contract with annual wage and fringe benefit re-openers.

According to Town Manager Marquis there were several other changes in the contract.

A new provision provides that employees will agree to work some overtime as may be required during the life of the agreement.

Also new is a provision that the town has the right to establish night shifts without further negotiations. However, no employee assigned to days will be put on a night shift against his wishes.

The town and employees also agreed to final and binding arbitration on grievances. Marquis says that this would involve questions of interpretation and application of the contract.

Deleted from the contract was language on complement of custodians. According to the manager, who was concerned how this would be interpreted, the clause was intended to mean that if a school called for custodian work by two the work force would not be cut back.

A clause was added to the contract about subcontractors. It gives the town the right to contract or subcontract work, but on the condition that no employee is laid off if there is work available in the same position for which he is qualified and eligible. In effect, it assures town employees that they will not lose their jobs because of outside contractors coming in.

The contract will expire June 30, 1977. It will reopen on economic matters in September for next July and in September 1978 for the year beginning July 1978.

Town Manager Marquis says "I am convinced the proposal is a sound one." He says it is fair because employees got only 3.5 percent last year and 4.5 percent the year before and some had fallen below the median.

"In view of all that the proposal we are now making will not only bring these people to the median again, it is sound and I think it can be sold. We'll do the best we can to sell it," he says.

Stan McEwen of Local 680's bargaining unit says "We think it's a good package, one of the best we've had. We hope we get the support of town meeting."

He notes that the town and employees spent a lot of time working out the agreement and says the employees feel it is fair since they got small raises the last three years.

Advocate to Give Ads To Residents Seeking Car Pools

On Jan. 17 The Arlington Advocate will publish free ads from residents who are looking for rides or who are willing to give rides to local commuters.

A coupon appears in today's paper and will be printed next week for residents to fill out and return to The Advocate.

It is suggested that as briefly as possible students, employees and others who are interested in forming car pools state their point of origin and destination, approximate time of travel and whether they would be passengers only, or could also drive.

Please include a phone number, since readers will respond directly to the free ads.

Deadline for the listing in the Jan. 17 issue is Monday, Jan. 14.

Four Injured In Accidents Here

A Cambridge woman sustained a multiple fracture of the hip and pelvis and facial lacerations in an accident Friday morning according to Symmes Hospital.

According to Arlington police an auto was in collision with Phyllis Cerone, 60, 57 Cambridge st., at about 9:48 a.m., Dec. 28, while she was crossing Highland ave.

Meanwhile, earlier the same day just after midnight David J. DiGiorgio, 71 Tomahawk rd., and Kathleen Tremblay, 20 Alpine st., were treated at Symmes Hospital after an accident on Grove st.

According to police a car operated by DiGiorgio was in collision with a utility pole in front of 70 Grove st.

Meanwhile, after an accident the previous day Madeline Drucker, 68 Bartlett ave., was treated at Symmes Hospital.

Four Candidates Take Papers Out

Four candidates have taken out papers for major office in Arlington at the Town Election, March 2.

Daniel A. Purcell, 90 Stowcroft rd., took out papers for the office of Assessor, Dec. 10, while John J. Hogan, 19 Ivy Circle took out papers for the Housing Authority position on Dec. 28.

William Carey, Jr., 118 Lowell st., took out papers for School Committee on Dec. 27, while Alexander B. Wilson, 154 Pheasant ave., took out papers for School Committee on Dec. 28.

Youngster Burned As Making Candles

A 12-year-old Arlington girl suffered burns last week when a candlemaking kit exploded, showering her with hot wax.

Kathleen Sheehan, daughter of Mr. and Mrs. Robert J. Sheehan of Morningside Drive, was injured Thursday when the hot paraffin came in contact with an ice cube and exploded.

She suffered first degree burns on her face and neck for which she was treated at Symmes Hospital. Cabines in the Sheehan kitchen were damaged by the hot wax.

The Art of Home Decor

BY
FRANK DUFFY

Home Decor

Sheets are the greatest decorating idea in the news. Where else can you find fabric pre-bemmed, with a width that is up to 108 inches? Find a pretty pattern and you are set to decorate. You can transform them into curtains, dust ruffles, bedspreads, cushion covers or even tablecloths. Today the patterns in sheets are more exciting than ever. You can stretch sheets over a ceiling or a wall, or laminate them to window shades. Be sure to find a no-iron muslin, then your bedroom can have that fine, fresh, never-been-slept-in look day after day!

Carpeting has become much more of a decorating item in the home as you will see by the beautiful patterns and colors at FRANK DUFFY CARPET CENTER, 965 Mass. Ave., 643-2280. We have an outstanding selection to suit every taste and budget. Master Charge honored. Open: Mon.-Sat. 9-5:30; Fri. till 9:30.

Exchange Group Is Ready To Announce Delegation

The Arlington Youth Visit Exchange Program, Inc., has almost completed its selection of members of the delegation to Japan this summer. A full list of names will be announced within the next few days.

Richard Smith, president of the recently formed corporation, has been named as head of the delegation. Virginia Hutchinson has been named female leader; Martin Warshafsky, male leader.

The corporation's Selection Committee, under the chairmanship of Millie Wilkerson, completed the processing of applications and references. Each applicant was interviewed by several members of the committee and discussed by the committee as a whole. Recommendations were made to the corporation's board of directors.

Members of the Selection Committee, in addition to Ms. Wilkerson, are James Brodgon, Marie Dannenberg, John Donnelly, Jane Foley, Ruth Mahon, Harry McCabe, Betty Ann McLaughlin, Rita Skinner, Stella Tonry, Lorraine Walsh, and Daniel Wolf.

The Travel and Itinerary Committee, chaired by Warren Dannenberg, after being dealt several setbacks because of the fuel crisis and flight cancellations, recommended that the corporation take advantage of a July 1 flight instead of continuing to try to arrange an Aug. 1 departure as had originally been planned. This change was approved by all applicants. The directors accepted the recommendation and reservations are being made. The flight returns July 22.

Other members of Dannenberg's committee are Ruby MacDonald, Ann Pagliuca, Rita Suprise, and Jeanne Walton.

After most of the applicants had been processed, those selected met in the Junior Library Hall Saturday morning with the Orientation Committee, headed by Beverly Wolf. Ms. Wolf discussed the tentative plans which had been developed, and led several group discussions on topics to be covered during the orientation period.

Chairman Wolf's committee includes Neal Boyle, Sandra Boyle, Arthur Bush, Peggy Bush, Peg Eckel, and Nancy Solomon.

Vice president for sending James Skahan

Jr. is responsible for the overall coordination of the "sending" program. Nancy Solomon, vice president for receiving, will coordinate the "receiving" program when, as is now expected, another group of Japanese visitors will come to Arlington as they have done the past two summers, when the program was headed by John Bilafer and Joan Gross.

Other corporation officers are Daniel Walsh, treasurer; Jacqueline Keshan, clerk; and Ruth Murray, recording secretary. The officers are also directors. Other directors are Neal Boyle, Joan Gross, Janemarie Hiller, Marie Dannenberg, Warren Dannenberg, John Donnelly, Beverly Wolf, and Ruby MacDonald.

Any questions should be directed to Dick Smith.

Bullock Files Legislation In 4 Major Areas

State Sen. John W. Bullock filed, prior to last Wednesday's deadline, a package of legislation which places major emphasis on consumer protection, health and handicapped, the energy crisis and transportation.

In the consumer protection field, Sen. Bullock says he stressed the fields of consumer credit and fairness in banks and banking. One bill would require any company denying credit to automatically supply the denied person with a written report of the reasons why. Another would eliminate "state" credit information from the files of credit bureaus.

In the banking area, Senator Bullock filed legislation to make banks collect items deposited by their customers more quickly. In addition, he advanced the Uniform Probate Code, which would drastically reduce the costs of probating estates in Massachusetts.

In the area of transportation and the

energy crisis, Bullock proposed a bill which would make energy deposits the property of the people of Massachusetts, and require their development for the benefit of the people, not of the large oil companies. He also proposed that the state pay 100 percent of the MBTA deficit, to take the burden off the property tax.

With respect to health care and the handicapped, the Senator filed a bill to make buildings open to the public accessible to those who have mobility problems. He filed similar legislation covering mass transit vehicles and facilities. Voting and registering to vote would be made easier for the handicapped under other bills.

Bullock says, "In order to be effective, it is necessary to concentrate my efforts. I've decided to emphasize transportation, because unless we solve our problems in this area, our cities and towns will be strangled by traffic."

"The area of health and the handicapped is a natural for me, and one in which I feel I can do a lot for forgotten people. Finally, the protection of consumers against the large banks is a field I can be effective in because of my membership on the committee on banks and banking."

48 Sr. Citizens Get Hearing Tests

Forty-eight Arlington senior citizens recently enjoyed a bus trip to Boston to see the holiday decorations on the Common and to have their hearing tested at the Boston Guild for the Hard of Hearing, a non-commercial, professional agency sharing in the United Way of Massachusetts Bay.

The afternoon was organized by Jacqueline Hardy secretary of the Arlington branch of the American Association of Retired Persons. The Common and Beacon Hill were circled slowly to enable everyone to see the Christmas decorations.

On arriving at the Boston Guild for the Hard of Hearing, the group was welcomed by the guild's staff, and individual screening tests of hearing were given. Persons failing the test were told how to go about obtaining needed help as prompt attention often can greatly alleviate the problem. An educational film was shown and material distributed. The afternoon ended with coffee and Christmas cookies.

Boston Gas

We're your new Gas Company

On December 20, 1973, Boston Gas merged its operations with Mystic Valley, Lynn and North Shore Gas Companies, all formerly owned by the New England Electric System (NEES).

This merger was approved by the Massachusetts Department of Public Utilities after public hearings earlier in 1973. The plan was also approved by the Securities and Exchange Commission, which had ordered NEES to sell its gas properties.

Founded in 1822, Boston Gas is the nation's second oldest gas distribution company. Prior to the merger, we had some 1,600 employees and about 325,000 customers in 47 cities and towns in eastern and central Massachusetts.

With the merger, we add about 600 employees and over 175,000 new customers in 27 communities to the Boston Gas service area.

For now, we will continue operating in much the same manner as before. Meter reading, bill delivery and payments, and customer service will remain the same. The phone numbers for service and bill information also remain unchanged.

We welcome the opportunity to serve you. We're eager to earn the same reputation for fine performance that we have enjoyed over the years in other Bay State communities we serve.

Armed Services Vocational Tests Are Given At AHS

Eighty-six Arlington High School students were recently administered the Armed Services Vocational Aptitude Battery (ASVAB) test by representatives of the Army, Navy, Air Force and Marine Corps in cooperation with the Arlington High School Guidance Dept. and Occupational Education Dept.

The ASVAB is a single series of nine paper and pencil tests used by all of the military services. It is designed to measure the potential of the high school student in a variety of occupational groups important to the military services. Each test, except the Coding Speed Test, is made up of 25 multiple choice items. An ASVAB session lasts about two and one half hours.

Sponsored by the Department of Defense, ASBAP is the joint responsibility of all military services. The Army is responsible for research and development. The Air Force is charged with the scoring of the tests administered at high schools. The Navy prepares the ASVAB Counselor's Manual. The program is in no way connected with selective service.

The ASVAB provides free aptitude testing and assistance in career planning. Tables have been developed showing the relationship between certain civilian occupations and the

military occupational groups tested by ASBAP. High school guidance counselors have these tables and can discuss them with the students. Testing is voluntary and no obligation is incurred by participating in the program.

Car, House Breaks Continue In Area

Breaks in cars and in apartment houses continued in Arlington during the past week. Several Christmas presents were reported stolen from a car parked on Sunset rd., Dec. 25, while another car was broken into on the following day at the St. Camillus parking area and hub caps and gauges on the instrument panel and stereo equipment taken.

A battery was reported taken on the same day from a car in the rear of 975 Mass. ave. while a stereo receiver reported taken from an apartment at 66 Waldo rd., also on Dec. 26.

The Crosby School was reportedly ransacked on Dec. 27.

A tape recorder and tapes were reported taken from a car on Sunset rd., Dec. 27.

A battery was reported taken from a car parked beside a building at 971 Mass. ave., Dec. 28, while an apartment was entered at 18 Hamilton rd., Dec. 28 and two pairs of glasses taken. Cameras were taken from a car on Appleton st., Dec. 28.

Jehovah's Witnesses Plan Jan. Convention

A group of residents from the Arlington Assembly Hall of Jehovah's Witnesses will attend a convention of members from eight neighboring congregations Jan. 5 and 6 in Natick.

The program will include talks and associated demonstrations of specific Bible points as well as group discussion sessions.

The highlight of the convention will be a public talk which will be heard by the convention's delegates. Anyone interested may contact the Arlington Assembly Hall of the Jehovah's Witnesses.

Two Arrested

As the result of information received by Arlington police, two arrests were made in East Arlington Dec. 27.

Sgt. Fred Cameron, Officer Ed Daley and Officer John Donnelly were sent to the area just after 1:10 p.m. and arrested Richard M. Jones, 27, 107 Bynea st., Jamaica Plain, and Richard D. Williams, 74 Hillsdale st., Boston.

They were charged with breaking and entering a building in the daytime and possession of burglarious tools.

The case was continued until Jan. 17.

The 'New' Game Of Hockey

Here is a photo that few will remember, but it was our championship Ice Polo Team, and the year is 1898. It seems at that time of life the game was played on ice, but the stick was a bit like the field hockey club we see today, and the "puck" was a round hard rubber ball.

It seems for years the game of polo was played in arenas with wooden floors and they used roller skates, and there were some great teams around in cities throughout New England. It was an all pro group, and they played to large and enthusiastic crowds, such as we see today with the games played in the Boston Garden.

Well, a couple of years later word came down to the states that there was a "new" game called ice hockey, and the puck was a flat solid rubber disc, and the stick had flat surface. Many high schools in Greater Boston were very much interested, but we in Arlington did not wish to change. A good reason, because they were the champs, and did not wish to change their luck. However, in order to have opponents they took up the new game, and we all know that since then Arlington High School have been up top in the this "new" game called hockey.

Way back then we were playing Melrose, Somerville, Waltham, Rindge and Cambridge Latin, Brookline, Newton and many others. Of course rinks were non-existent, and all games were played on Hills Pond, Spy and over on the Mystic Lakes. Seven men were on a team, and many rules of the game have been changed over the years.

The nets were smaller than the polo ones, and a puck could not be passed forward. The playing surface was the same, and the side boards were for the most part made in our manual training department. If a thaw came during the hockey season the players would man a boat and row out on the pond and bring in the side boards, and wait until ice formed again. This procedure was done for many years, and some games played at Spy Pond were rugged affairs, as the temperature and wind would be down close to zero. A spectator sport it was not, although many attended, and every now and then they would hear a crack in the ice and all would head for the shore.

So ice hockey has come a long way, and all over New England we see communities, both large and small, with fine rinks, but of course not in Arlington. We have our M.D.C. one and that gives much skating time to many, but the high school team cannot play their games in this structure. We still must go to the Boston Arena, and to the Garden for the playoffs. We practice wherever we can get ice time, such as Brown and Nichols, and Boston College, and other rinks, and can only go when there is an opening.

So we go back 75 years, and see much building and improvements in our town, but when the work hockey rink arrives at a Town Meeting the thumbs are all down. We would love to have one say they want it, but not near my home. That was a great argument a few years ago when a private group tried to build one, but the neighbors rose up in protesting arms and it was defeated the first time by one vote.

However when the M.D.C. wished to construct a building, in approximately the same spot, hardly a murmur was heard. The conditions they mentioned that would happen on rink no. 1 are happening up there today.

Lately we have seen a plan that would put a rink near the high school but keep your tongue in your cheek, and your fingers crossed, and this writer hopes he will see the day it is built, and he will then clamp on his key skates and take a whirly around the surface. Not really he will hold on to the sideboards on the trip, but he'll be there. He has waited 75 years for one, and what's a few more in this fast-moving age.

So now here's some news that hockey fans in Arlington can take tremendous pride in-out in Minnesota they are building a high school and prep school hall of fame rink and Arlington High School of Arlington, Mass., has been picked as the No. 1 teams to represent our state.

Our local team is the most unorganized group in these parts. They have to take pot luck to find a place to practice. The world knows all about us, but locally, oh well, 1974 may be different, so have a good year.

P.S. The names in the picture are Berthrong, Lloyd, Russell, Holmes, Plummer, Hyde and White.

Shalom & Salaam

TO THE EDITOR:

We would like to join George H. Mudarri's humanitarian letters to the editor, we wonder if he is ready to join the effort to urge Christian leaders to act on the Israel-Syria POW issue.

Jewish religious leaders have urged Christian leaders throughout this area to protest the mistreatment of Israeli POW's. Syria has refused to comply with the Geneva Convention regarding treatment of POW's, which provide for Red Cross visitation to prisoners, publication of POW lists, correspondence with family, and repatriation of the seriously wounded.

As *Newsweek* magazine, (December 31) states:

"but some sources thought Syria was also embarrassed to turn over a list of Israeli POW's it holds. While Israel expected a list of about 100 names, sources in Cairo reported that many of these POW's may have been murdered by Moroccan and Iraqi troops while en route to Syrian Prison camps."

We are sure that Mr. Mudarri would agree that the issue here is one of indisputable humanitarian concern! Does he not believe that leaders in Christianity and other religions have a moral obligation to protest and cry out! Or is it that Israeli POW lives are less valuable than others?

In the light of all the evidence, translate your humanitarian words into action, Mr. Mudarri. Start your own petition for the release of Israeli-prisoners held in Syria and send copies to every religious leader in your area.

Shalom and Salaam,
Daniel and Beverly Wolf

That Man About Town ...by MAT

Well, we have bid adieu to 1973. Most people seem to feel good riddance and optimism that 1974 will be better, because it would be hard to be much worse.

The year begins on one good note locally, at any rate. The town and its employees have settled on a three-year contract. Despite some interference and politicking things did work out.

The employees ended up accepting basically what the town manager offered last October to all town employees, and unfortunately lost some good will in the process.

We hope they and other groups remember when the offer was made and in the future don't look back on this and think they got their way by flexing their muscles. It didn't happen that way, and we don't think the taxpayers like that kind of pressure effort any more than town officials do.

One of the provisions settled in the contract is the binding arbitration of contract grievances. This was a sore point for a while—with the town manager not agreeing until contract semantics were cleared up. He got the clarifications and accepted binding arbitration—but if we read the recently passed state legislation on collective bargaining right, the local employees were given binding arbitration in that anyway.

1973 saw Arlington putting up with the problems felt across the country. Town officials tried to come up with ways to cope with the fuel shortage. So far they have been blessed with a mild winter, but a shorter work week and other measures may still be necessary.

The schools closed for a few days to save fuel—but school budgets and costs continue to rise, and one of the big factors is fuel. Other recent new costs, such as the school lunch, are from programs mandated by the state legislature.

It is probably too much to hope for that in 1974 the state legislature will tend to its knitting and the real economic and social problems facing the state—and if they decide to tell local towns and schools how to run their departments they will give them the money to do it with.

People concerned with and involved in the 1973 selectmen's race have just breathed a sigh of relief that it is finally over—and already the new election is upon us, with one seat up, that of chairman Arthur Saul. We hope he'll decide to stay with the board.

We can only hope that 1974 brings to the board of selectmen a sense of mission to cope with town problems and anticipate future problems. And with that we hope that individual members of the board will remember they are a five member team working with the town manager, not a one-man show.

Economically, 1973 ended on a downturn. The town manager predicts a high tax rate for next year, and taxpayers will undoubtedly be upset, forgetting that revenue sharing and other circumstances of the 18-month budget year prevented a tax increase last year.

The economic picture for Arlington is probably not too bright as taxes, costs and salaries go up. Hopefully, with the moratorium on apartment building in effect and a committed Redevelopment Board using that time to rezone and accomplish other work, plans will be developed which will revitalize Arlington and pull out of its economic doldrums.

Somehow, through every new year, life goes on and we move ahead. Let us hope 1974 will be a year to remember for our determination and effort to make the best of it and for our success in making 1974 a good year for all.

Happy new year, everyone.

**Meeting Tuesday
On Site Selection
For A Town Yard**

The Town Yard Site Selection Committee created by the 1973 Special Town Meeting is holding an open public meeting on Tuesday at 8:30 in the Town Hall.

The purpose of the meeting is to report on the progress made to date on the task of selecting a new site for the relocation of the Town Yard and to receive suggestions from those who care to be heard as to the ultimate recommendation of the Committee.

In addition to the members of the committee, the consultants from the firm of Symmes, Maini & McKee, Inc. will be in attendance.

Among the sites currently under consideration by the Committee are the following:

Summer street - The Reeds Brook area, Route 2 - Mugar property and/or the Thorndike Field.

Ryder Street - Theodore Schwamb Co., Department of Properties and Natural Resources, and New-England Tel. and Tel. storage yard and adjacent properties.

Broadway - The area of existing New England Tel. and Tel. garage, Arlington Ford, Sunnyside Avenue and other adjacent commercial properties.

Lowell street - Atlantic Roofing and adjacent properties.

Robert E. McLaughlin, chairman of the Committee, advises that because of the limited time available it is unlikely that there will be another open public meeting. Therefore, all interested parties are urged to attend this meeting.

Menotomy Double A Wins 18th Straight

The Arlington-Menotomy Bantam AA Hockey Team, coached by Gerry Bartholomew and assisted by Danny Shine, extended their streak to 18 games without a loss, with wins over Cranston, Rhode Island and Wellesley, Mass.

Brian O'Connor paced the Cranston victory with two goals.

In the Wellesley game, Mike Lavery opened the scoring with a short-handed goal and thirty seconds later Lavery fed Keith Moran whose hard shot was tipped in by Joe Welch.

Billy Lyons converted a Chris Lewis rebound for a 3-0 lead and Chris Lewis scored with less than a minute to play to wrap up the 4-0 victory.

Watertown halted the string at 18 with a decisive 4-1 upset as the locals were outplayed from the opening faceoff.

John DeVito provided the lone Arlington tally with a shot from the point.

Over this stretch of 18 games Arlington outscored the opposition 70-28, as Joe Hurley and Tony Peduto shared goal-tending duties, supported by the blue line brigade of Dave Keating, Dan Doherty, Keith Moran, Jim Fitzpatrick, Scott Nyberg, and John DeVito.

Bantam AA Extends Win Streak To 16

The Arlington-Menotomy Bantam AA Club, coached by Gerry Bartholomew and assisted by Dan Shine, extended their unbroken string to 16 games without a loss.

Action at Tabor Rink saw Arlington tie Needham, 2-2, on a first period goal by Dan Doherty and second period goal by Brian O'Connor assisted by Steve Cameron.

Norwood was edged 2-1 by the Arlington skaters as Joe Welch snapped in Mike Lavery's rebound to even the score in the second period. Mark Paree passed to Dave Keating who blasted a sizzler from the point and Brian O'Connor tipped it in for the winning margin.

Keith Moran, John De Vito, Scott Nyberg, and Jim Fitzpatrick played well on defense in support of Goaltenders Tony Peduto and Joe Hurley who made several key saves to secure the win.

Nine different players scored in Arlington's 10-1 bombing of Newton at Burlington. Billy Lyons, Brian O'Connor (2), Mark Paree, Steve Cameron, Paul Eikefroth, Chris Lewis, Dave Keating, Mike

ACHS Record At 4-1**Arlington Rolls to Fourth Shutout**

The Arlington High School hockey team rolled to its third and fourth consecutive victories and remained undefeated, untied and unscorched in action last week.

Meanwhile, Arlington Catholic sustained its first loss of the season but then bounced back to win to move its record to 4-1.

Arlington ran off its third straight shutout against Waltham 4-0 with Ed Indingaro in the nets for the local team.

Arlington tallied a single goal in the opening period and then put the game beyond recall with a three goal burst in the second stanza.

Don Murphy scored the first goal of the season for Arlington with Gary Burns and Kevin O'Quinn assisting just 23 seconds after the opening face-off.

Billy Riordan made the score 2-0 midway through the second stanza as he scored from Murphy at 6:19.

Gary Burns made the score 3-0 at the 7:32 mark of the same period with assists going to Jerry Ciarcia and Paul Conway.

Arlington's final tally of the contest came late in the period with Murphy scoring his second goal of the game from Gary Burns.

Meanwhile, Arlington Catholic High after three consecutive victories went down to defeat at the hands of Dom Savio by a 5-2 score.

ACHS did everything but score more goals than the Boston team. In all ACHS had 42 shots on goal to 14 for the winners.

Dom Savio scored three goals in the first period which was all that was needed because

of the excellent goaltending the team was getting.

Arlington Catholic's goal was scored by Rick Verrier with Mark Ackery assisting.

Dom Savio scored another goal in the second period and added a fifth in the final stanza. Arlington's second goal came off the stick of Mike Bennett with Mike Villandry assisting. Tom Breaux played in the nets for Arlington.

AHS bounced back from that defeat to win 7-2 over Cathedral Sunday.

The Medford at team put this one beyond

early with four first period markers.

Rick Herlihy scored first on an unassisted marker at 6:21 of the period. Don Conroy made the count 2-0 at 9:06 with Tyrell and Keefe assisting.

The score rose to 3-0 at the 11:08 mark with Mark Ackery scoring an unassisted goal. The fourth tally of the period came off the stick of Capt. Bill Driscoll with Mike Bennett and Jack Ackery drawing assists.

Three more Arlington Catholic goals were scored in the second period after Cathedral had tallied at 3:05 of the second period.

Mike Villandry scored from Austin Smith and Rick Verrier at 4:09, Jay Finnegan tallied from Don Murray and Mike Manning at 7:55 and the Driscoll scored for the second time with Keefe assisting at 10:46.

Cathedral scored the lone goal of the final stanza.

Arlington High used three goalies and two players scored a pair of goals and Brian

Burns had a goal and five assists as Arlington High defeated Rindge Tech, Saturday.

AHS scored five times in the first period, added four more goals in the second and tallied three times in the third stanza.

Tony Messuri scored the first goal for AHS at 1:57 of the first period with Brian Burns assisting. Less than a minute later Jerry Ciarcia tallied with Paul Conway assisting.

At 4:19 of the period Brian Burns scored an unassisted marker and at 7:38 Conway tallied from Murphy and Brian Burns. Murphy tallied at 9:59 with Brian Burns drawing an assist.

AHS continued its high scoring in the middle period with four more goals going into the Rindge net. Billy Briand scored from Brian Burns and Mark Quarenello at 4:14 and Paul Lewis upped the lead some more at 7:47 with Phil Pengeroth assisting.

Murphy scored again at 8:33 with O'Quinn assisting and Eddie O'Fria completed the second period scoring at 10:52 with Abbuzzese credited with an assist.

Three more Arlington goals were scored the final period by Arlington. Gary Burns tallied from O'Quinn and Conway in less than half a minute and then Briand tallied his second goal of the game 30 seconds later. The final Arlington tally of the game came off the stick of Lewis with Pengeroth and Briand assisting.

Arlington used three net-minders with Indingaro playing for a period and a half and Jim Carlo and Mark Cobert finishing up. Three goalies were called on to make but four saves.

After Loss To Rindge**Arlington High Hoopsters Defeat Weymouth South**

The Arlington High School basketball team lost a last minute decision to Rindge Tech 70-68 and then came back to defeat Weymouth South 61-55 in another contest.

Rindge scored a hoop in the last two seconds to defeat the locals. The Cambridge team hit 45 percent from the floor and led 20-17 at half time. Rindge hit a 20 footer at the buzzer to end the half and led 40-38 at the end of two periods.

Arlington applied the pressure in the third quarter to take a two point edge into the final quarter by the score of 58-56.

Rindge then moved to a seven point lead for the third time in the contest, but with two and one-half minutes in the game Arlington came back.

With 12 seconds left in the game Rindge missed a foul shot and Arlington took time out. With two seconds left Rindge got the ball out of bounds on a double dribble call. A quick pass under the basket caught Arlington and Steve Allsopp scored the winning basket to halt the three game Arlington win streak.

The game was well-played highlighted by good shooting and fast breaks. Arlington had trouble finishing off the fast break as they scored four of the last five times up the court, but had three revoked for violations.

Lyons and Glenn Fratto scored 10 points each for Arlington with Tawa adding 8, Coleman 7, Jacobs 2 and Niles 2. Lyons had 11 assists and Niles 6.

Arlington was plagued throughout the Weymouth game by fouls but still managed to come up with the win.

Bob Pellegrino sat out much of the first half after three fouls had been called, but Dave Seward and Ken Hughes did a great job and Arlington moved from an 18-18 tie at the end of the first quarter to a 36-29 lead at the end of two periods.

With two minutes left in the third quarter both Pellegrino and Tommy Lyons picked up their fourth fouls. Arlington held a 46-41 lead at the end of the three stanzas.

Arlington maintained its poise in the final period as Steve Tawa and Glenn Fratto hit on foul shots. Billy Coleman hit two long jumpers in clutch situations to keep AHS in the game.

Jerry Jacobs, Paul Niles and Willie O'Brien each chipped in with four assists and several ball steals to contribute to the victory.

Pellegrino led the Arlington scorers with 15 points, Glenn Fratto had 14, Jacobs and Tawa 7, Coleman 8, Lyons 4 and Lewko, Hughes and Niles 2 each. Glenn Fratto had 8 rebounds, while Niles and Hughes had 6 and Lewko and Seward 5 each.
